JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

roof; good drainage, connecting wherever practicable with the public sewer; a supply of pure water, and not less than 1,000 cubic feet of air space for each animal.

21. *Ordered*, That manure shall not be allowed to accumulate in the neighborhood of barns, and that no manure heap shall be allowed within 100 feet of any dwelling unless so covered as not to prove offensive. Yards surrounding buildings where cows are kept must be well drained and free from standing water and filth. The barns shall be kept as clean as possible and the floor shall be sprinkled before being swept.

22. *Ordered*, That neither hogs nor manure shall be kept in cellars of cow stables, except by special permit of the board of health. [Regulation board of health, adopted March 7, 1910.]

MILK—PRODUCTION AND SALE OF.

23. *Ordered*, That animals kept for the production of milk shall not be fed upon swill.

24. *Ordered*, That a person having any infectious disease (the board considers consumption to come within the meaning of the statutes in regard to infectious diseases), or having recently been in contact with any such person, shall not be allowed to milk cows or handle cans, measures, or other vessels used for milk intended for sale, or in any way take part or assist in the sale of the same, until the board of health is satisfied that all danger of communicating such disease is passed.

25. *Ordered*, That the milk cans or jars of milk dealers shall not be left at any house in which there is a case of diphtheria, scarlet fever, or smallpox, but the milk shall be poured into receptacles furnished by the customer.

26. *Ordered*, That premises where cattle are kept shall be open at all times to inspection by the board of health, or its appointed officer.

27. *Ordered*, That upon satisfactory evidence being furnished to the board of health of violation of any of the above regulations, the permit will be revoked.

* * * * *

35. *Ordered*, That no person, by himself or by his servant or agent, or as the servant or agent of any other person, firm, or corporation, shall in the town of Brookline sell, exchange, or deliver, or have in his custody or possession with intent to sell, exchange, or deliver, any milk, skimmed milk, or cream which contains more than 300,000 bacteria per cubic centimeter, or which has a temperature higher than 50° F.

36. *Ordered*, That all milk sold in the town of Brookline other than from wagons shall be delivered to the purchaser in original sealed jars, or from a milk cooler which has been approved by the board of health.

37. *Ordered*, That premises, compartments, or rooms used for the storage and sale of milk in the town of Brookline shall be kept cleansed in a manner satisfactory to the board of health.

38. *Ordered*, That no person by himself or by his servant or agent, or as servant or agent of any other person, firm, or corporation, shall in the town of Brookline sell, exchange, or deliver, milk, skimmed milk, or cream produced upon premises where there is a case of contagious disease without the written consent of the board of health. [Regulation board of health, adopted March 7, 1910.]

GLANDERS IN HORSES—TO BE REPORTED TO BOARD OF HEALTH.

28. *Ordered*, That any person having reason to suspect the presence of glanders and farcy among horses shall immediately report that suspicion, together with the street and number of the premises at which the animal is kept, to the board of health, when the veterinary inspector will at once examine the animal. (The more ordinary symptoms of glanders and farcy are: A discharge from the nostrils, enlargement and hardness of the glands under the lower jaw; or nodular enlargement of the skin with or without ulceration.) [Regulation board of health, adopted March 7, 1910.]

CESSPOOLS AND VAULTS—MANNER OF EMPTYING.

29. *Ordered*, That no vault or cesspool shall be emptied by any other than the odorless process, nor by carts not of the Odorless Excavating Co., except permission be first obtained from the chief of police. It is further ordered that neither night soil nor the contents of cesspools shall be dumped within the limits of the town. [Regulation board of health, adopted March 7, 1910.]

MANURE, GARBAGE, AND REFUSE—REMOVAL OF.

30. *Ordered*, That the manure from livery stables shall not be removed between the hours of sunrise and sunset.

31. *Ordered*, That all householders be required to keep the waste material set out by them for removal by the town in separate receptacles.
